26. Overview of the entity's material responsible business conduct issues:

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk, along with its financial implications, as per the following format:

S. No	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive & negative implications)
1.	Affordable Housing-Lending to Lower and middle income customers with undocumented income.	Opportunity as well as Risk	<p>Opportunity: Affordable Housing is need of the hour. The government has acted as a facilitator to make the segment an alluring venture for private developers and introduced several incentives and schemes over the years.</p> <p>Risk: The Company primarily focuses on serving Lower and Middle level customer from underserved and unserved areas, that largely consist of individuals with un-documented income.</p>	<p>The Company possesses strong customer assessment standards which helps to moderate risks. Measures for risk mitigation include verification of credit history from credit risk information bureaus, probability of default assessment etc.</p> <p>The Company has maintained a lower delinquency percentage, compared to the industrial average, particularly in the affordable segment. Using conservative loan to value parameters and strong customer assessment standards, further aids the Company in mitigating credit risk.</p>	<p>Positive: India's urban population is estimated to double between 2018 and 2050. This trend is driven by factors such as rising per capita income and nuclearization of families, which gives immense scope to Company under Affordable Housing.</p> <p>Negative: However, undocumented history of receiving income makes it difficult to determine ability of customers to receive stable income, in future.</p>
2.	Financial and Digital Inclusion	Opportunity	The Company regards financial and digital inclusion as a significant opportunity to expand its reach, enhance customer engagement and make its services accessible to the underserved populations, thereby fostering social equity.	The Company continues to expand its reach, penetrating deeper and deeper into semi-urban and rural peripheries of India. The Company has now embarked on 'Pragati' and implemented Salesforce and Oracle in its system. The Company also launched the 'Go Green Initiative' which represents a significant stride towards leveraging cutting-edge technology to minimize paper usage within the loan processing workflow.	Positive: Focusing on financial and digital inclusion not only democratizes finance, allowing broader segments of the population to participate in the economy, but it also promotes personalized and efficient service delivery, enhancing customer satisfaction.

S. No	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive & negative implications)
3.	Diversity, Equity and Inclusion (DEI)	Opportunity	The Company is uniquely positioned to lead in DEI because investment in a diverse and inclusive work culture mirrors the diverse clientele served, positioning the Company for broader affordable market relevance and sustained growth.	The Company has developed inclusive hiring practices to attract talent from diverse genders, cultural backgrounds, qualifications, and age groups. The Company also offers targeted mentorship programs, ensures equal pay for equal work and implements equitable promotion policies to retain its diverse talent pool.	Positive: A DEI-focused workplace promotes a sense of belongingness and respect, leading to higher employee morale and satisfaction. Diverse teams also bring in a variety of perspectives and ideas, fostering creative solutions to complex financing challenges.
4.	Climate Change	Risk	For any organization engaged in providing affordable housing finance, climate change presents multifaceted risks. The Company recognizes the environmental risks associated with its lending activities as well as its abilities to capitalize on opportunities in mitigating climate change by financing projects and home loans that are inclined towards sustainability.		
(a)	Physical Risks	Risk	Occurrence of extreme weather events like rising sea levels, floods, cyclones, tsunami etc.	The Company has a well-diversified portfolio across different geographies and segments, digitization of loan process and implementation of Business Continuity Management Policy (BCMP).	Negative: Potential for erosion of capital damage to infrastructure and assets leading to financial losses for the Company as well as its clients.

S. No	Material issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive & negative implications)
(b)	Transition Risk	Risk	Shifting regulatory landscapes and policies aimed at combating climate change, which may include restrictions on business/ financing activities that directly or indirectly cause an adverse impact on the environment.	The Company is making reasonable efforts to reduce and eliminate its direct and indirect adverse impacts on the environment by moderating resource consumption, encouraging sustainable and digitized operations with 'Go Green Initiative', promoting Green Offices/Branches and also, developing ecosystem for financing Green Affordable Housing.	<p>Negative: Potential risk of asset devaluation for properties that are not built as per sustainable standards.</p> <p>Increased operational costs associated with adapting investment strategies to meet new market demands and regulatory requirements.</p> <p>Potential for increased compliance costs as environmental regulations become stricter.</p>
5.	Green Self-Built Housing	Opportunity	The Company is providing loans for construction of environment-friendly homes and supporting its customers in building homes that are sustainable as well as affordable.	The Company is working towards Green Home Ecosystem Development by reaching out to employees, customers, masons, contractors etc. and making them aware about the benefits of green homes through direct calling, SMS, Whatsapp messages, workshops, trainings, social media, brochures, and educative short films.	<p>Positive: Loans for self-built housing have added a sustainability dimension to our value chain, making us pioneers in introducing concept of sustainable construction of self-built homes in Indian Housing Finance space</p>
6.	Community Wellbeing and Social Impact	Opportunity	Engaging in social welfare activities not only enhances a company's corporate goodwill and social reputation, but also enables the company to connect with the sentiments and aspirations of the community. This connection, in turn, contributes to the company's long-term sustainable growth.	The company acknowledges the significance of social responsibility and its role in positively impacting people's lives. To execute its Corporate Social Responsibility(CSR) initiatives, the company collaborates with Aavas Foundation and other implementing partners. For more information, please refer to Annexure 9 of the Director's Report.	<p>Positive: Engaging in social activities fosters a positive reputation and cultivates public trust.</p>

Governance, leadership and oversight

7. Statement by Director responsible for business responsibility report, highlighting ESG related challenges, targets and achievements.

We are proud to share the remarkable progress we have made in embracing green and sustainable solutions not only within our work life but also beyond. We firmly believe that charity begins at home, which is why we began by obtaining green building certification for our own Corporate Office.

In the Indian Housing Finance space, we are breaking new ground by addressing the financing gap in supporting the construction of green self-built homes by beneficiaries, particularly in the affordable segment. We enable lower and middle-income households to construct energy-efficient, independent Green Homes, aiming for a substantial 20% reduction in materials, energy consumption, and water usage. This initiative not only lowers the cost of home ownership but also elevates our commitment to environmental responsibility. This pioneering initiative is unparalleled globally and serves as a shining example of scalable, inclusive, and cost-friendly climate action.

Our commitment to fostering a welcoming environment extends to our new hires. We actively engage them in our workforce and have implemented various initiatives to advance gender equality. These include the Women Managers Empowerment Program, Prerna Webinars and Chapters and the Women Excellence award. Through these efforts, we aim to empower women in leadership positions and create a more inclusive and equitable work environment.

Our approach to sustainability encompasses a wide range of areas, from climate response and efficient resource utilization to promoting diversity and inclusion. Additionally, we prioritize digitization and the implementation of robust data security systems. Our holistic and result-oriented approach ensures that sustainability is deeply ingrained in our DNA.

We are confident that our unwavering commitment to sustainability will continue to drive positive change within our Company and beyond. Together, we are making a meaningful impact on the world around us.

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

The Company has always maintained continuous and proactive engagement with key stakeholders which enables it to better communicate its strategies and results to the Board. In the Financial Year under review, the Company has taken a major step towards inculcation of economic, environmental and social topics into its core strategic framework by reconstituting the CSR Committee as CSR & ESG Committee.

The Company has also engaged CARE Analytics & Advisory Pvt. Ltd. as ESG consultant for providing a broad scope of services such as ESG gap analysis, peer benchmarking, setting ESG related targets, capacity building, policy review and development, GHG footprinting and preparing data sets for ESG assurance readiness.

The Board and its various Statutory Committees are kept abreast of developments and feedback on economic, environmental, and social issues on a quarterly basis by updating ESG related progress to the CSR & ESG Committee as well as by inculcation of sustainability related updates in investor and risk presentation respectively. ESG updates are also uploaded on the Company's website at the end of every quarter and for wider access by various stakeholders, intimations on major milestones are sent to the Stock Exchanges. The Company has also onboarded Churchgate Partners for third party assessment of ESG activities of the Company.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes, the Company engages with various stakeholders to ensure sustain and long-term value creation for all of them. The following are certain instances where input from stakeholders have been incorporated to bring positive change-

- With the Green Housing initiative, the Company has taken a decisive step towards responsible housing development by engaging with the entire ecosystem around the green home value chain, including customers, frontline employees, suppliers, technical experts as well as international certifiers through stakeholder engagement initiative such as Green Samvaad, capacity building workshops, social media awareness campaigns etc. In the pioneering initiative, the Company bridges a critical gap between global vision and local reality by conveying ground-level challenges and real-world feedback to international visionaries and experts while also addressing local myths around eco-friendly housing among home owners.
- The Company conducted the 'REACH' employee engagement survey to gauge employee's sentiments and obtain candid feedback/suggestions to improve the workplace and enhance employee satisfaction. The survey was anonymous and strictly confidential to capture unbiased and neutral responses from employees. The Company also empaneled Korn Ferry a global leading consulting firm for Talent & Leadership Development to conduct a highly

credible survey of employees who closely work with functional heads and have experience their leadership style. Both of the said surveys have contributed immensely towards organization building and leadership development.

3. The Company also monitors customer ratings of its services on various Customer Apps.

To further enhance opportunities for stakeholder feedback, the Company, under its ESG Policy has established a management-level ESG Steering Committee and a functional Social & Governance Working Group to obtain feedback from relevant internal and external stakeholders on the Company's ESG practices wherever necessary.

3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/marginalized stakeholder groups.

The Company has taken a comprehensive approach towards addressing the concerns of vulnerable communities through education, empowerment, outreach and direct support initiatives.

- Under project 'Vishwakarma', the Company actively reaches out to construction workers, a group often lacking in social protections. By providing direct engagement and training, we aim to enhance their skills, safety knowledges and livelihood opportunities, offering a tangible pathway towards stability and growth in their vulnerable community. The program has 15,600+ beneficiaries during the year.
- Under project 'Gram Siddhi', we engage with rural women from remote villages, focusing on their unique life challenges and aiming for their social upliftment. By understanding their needs, we tailor training and support to empower them, fostering self-reliance and improving their quality of life within their communities. During the year more than 52,800 people were benefitted under the program.
- The Company also demonstrates its commitment for supporting specially abled individuals by initiatives focused on enhancing self-reliance, skill development, inclusivity in sports, addressing specific needs and promoting overall wellbeing. The Company donated paper plate making machine to 'Utthan Talim Kendra' in Ahmedabad to support specially abled individuals. The Company also provided financial support to Rajasthan Deaf Cricket Association by facilitating the participation of its members in a national championship.
- The Company facilitated yoga and self-awareness sessions, emphasizing rehabilitation and personal growth for engaging with open jail prisoners and their families. This initiative underscores a deep empathy for this vulnerable group, aiming to inspire positive life choices and support their journey towards integration and well-being within society.

- Our limited assurance engagement is with respect to the financial year ended 31 March 2024 information only unless otherwise stated and we have not performed any procedures with respect to earlier periods or any other elements included in the BRSR and therefore, do not express any conclusion thereon.

Criteria

- The criteria used by the Company to prepare the Identified Sustainability Information for the financial year ended 31 March 2024 is summarised below ('BRSR Framework'):
 - Regulation 34(2)(f) of the Securities and Exchange Board of India (the "SEBI") (Listing Obligations and Disclosure Requirements), Regulations, 2015, as amended;
 - Business Responsibility and Sustainability Reporting Requirements for listed entities as per Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/2023/120 dated 11 July 2023; and
 - SEBI Circular SEBI/HO/CFD/CFD-SEC-2/P/CIR/2023/122 dated 12 July 2023 and clarifications thereto issued by SEBI.

Management's Responsibilities

- The Company's management is responsible for selecting or establishing suitable criteria for preparing the Identified Sustainability Information, taking into account applicable laws and regulations, if any, related to reporting on the Identified Sustainability Information,

identification of key aspects, engagement with stakeholders, content, preparation and presentation of the Identified Sustainability Information in accordance with the Criteria. This responsibility includes design, implementation and maintenance of internal control relevant to the preparation of the BRSR and the measurement of Identified Sustainability Information, which is free from material misstatement, whether due to fraud or error.

Inherent limitations

- The absence of a significant body of established practice on which to draw to evaluate and measure non-financial information allows for different, but acceptable, measures and measurement techniques and can affect comparability between entities.

Auditor's Independence and Quality Control

- We are independent of the Company and have fulfilled our other ethical responsibilities in accordance with the requirements of the International Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants' ('IESBA') and have the required competencies and experience to conduct this assurance engagement.
- Our firm applies International Standard on Quality Management (ISQM) 1, "Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements" and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Auditor's Responsibility

10. Our responsibility is to express a limited assurance in the form of a conclusion on the Identified Sustainability Information based on the procedures we have performed and evidence we have obtained. We conducted our limited assurance engagement in accordance with the International Standard on Assurance Engagements (ISAE) 3000 (Revised), "Assurance Engagements other than Audits or Reviews of Historical Financial Information ('ISAE 3000 (Revised)') issued by the International Auditing and Assurance Standards Board ('IAASB'). This standard requires that we plan and perform our engagement to obtain limited assurance about whether the Identified Sustainability Information is free from material misstatement.
11. A limited assurance engagement involves assessing the suitability in the circumstances of the Company's use of the Criteria as the basis for the preparation of the Identified Sustainability Information, identifying areas where material misstatement is likely to arise in the Identified Sustainability Information whether due to fraud or error, designing and performing procedures to address identified risk areas as necessary in the circumstances, and evaluating the overall presentation of the Identified Sustainability Information.
12. A limited assurance engagement is substantially less in scope than a reasonable assurance engagement in relation to both the risk assessment procedures, including an understanding of internal control, and the procedures performed in response to the assessed risks.
13. The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, evaluating the appropriateness of quantification methods and reporting policies, analytical procedures and agreeing or reconciling with underlying records.
14. Given the circumstances of the engagement, in performing the procedures listed above, we:
 - Carried out discussions at the corporate office for data and document verification;
 - Interviewed senior executives to understand the reporting process, governance, systems and controls in place during the reporting period;
 - Reviewed the records and relevant documentation including information from audited financial statements or statutory reports submitted by

the Company to support relevant performance disclosures within our scope;

- Evaluated the suitability and application of Criteria and that the Criteria have been applied appropriately to the subject matter;
- Selected key parameters and representative sampling, based on statistical sampling tables and agreeing claims to source information to check accuracy and completeness of claims such as source data, meter data, etc;
- Re-performed calculations to check accuracy of claims;
- Reviewed data from independent sources, wherever available;
- Reviewed data, information about sustainability performance indicators and statements in the report;
- Reviewed and verified information/ data as per the BRSR framework; and
- Reviewed accuracy, transparency and completeness of the information/ data provided.

Exclusions:

15. Our limited assurance engagement scope excludes the following and therefore we do not express an opinion on the same:
 - Any disclosure other than those mentioned in the Scope section above;
 - Data and information outside the defined reporting period;
 - Data related to Company's financial performance, strategy and other related linkages expressed in the Report;
 - The Company's statements that describe expression of opinion, belief, aspiration, expectation, forward looking statements provided by the Company and assertions related to Intellectual Property Rights and other competitive issues; and
 - Mapping of the Report with reporting frameworks other than those mentioned in Reporting Criteria above.

While we considered the effectiveness of management's internal controls when determining the nature and extent of our procedures, our assurance engagement was not designed to provide assurance on internal controls.

The procedures did not include testing controls or performing procedures relating to checking aggregation or calculation of data within IT systems.

Conclusion

16. Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the Identified Sustainability Information included in the BRSR for the financial year ended 31 March 2024 is not prepared, in all material respects, in accordance with the Criteria.

Restriction on use

17. Our limited assurance report has been prepared and addressed to the Board of Directors of the Company at the request of the Company solely, to assist the Company in reporting on the Company's sustainability

performance and activities. Accordingly, the Assurance Statement may not be suitable for any other purpose and should not be used by any other party other than the Board of Directors of the Company. Further, we do not accept or assume any duty of care or liability for any other purpose or to any other party to whom the assurance report is shown or into whose hands it may come.
