DAY TODAY

BY PETER VIDAL

ARIES (Mar 21 - Apr 20)

♈ You have too many chores to be able to do everything. This is the time to off-load responsibilities and allow others to decide how such matters should be handled. You may not be good at delegating essential jobs but it's never too late to learn.

TAURUS (Apr 21 - May 21)

♉ The past few months have been mentally and physically exhausting. The Sun's relationship with Pluto is a reminder that, in order to achieve your goals, you must spend as much time as you need on rest and recuperation.

GEMINI (May 22 - June 21)

♊ You seem to have the whip-hand, but I suspect you are only at the beginning of a phase when you will discover your true strength. Do not throw your weight around prematurely. But, then, I am sure I don't have to remind you that subtlety is the best policy.

CANCER (June 22 - July 23)

♋ There's still a very strong chance that something is going to happen to make you feel hurt or undermined. However, there is no reason why you should read anything which is unintended into chance remarks. If you're not sure what a partner means, then say so.

LEO (July 24 - Aug 23)

♌ People who have let you down may not deserve good treatment, but neither should you rush to take revenge. First you have to ascertain that their motives were bad. Otherwise you should just accept that mistakes were made. Do not allow financial considerations to sway your actions.

VIRGO (Aug 24 - Sep 23)

♍ The planets will add a dash of emotion to your sign today, compelling you to face up to long-forgotten feelings. You should exert your power at home and brook no opposition. Whether that strategy works or not will depend on your timing.

LIBRA (Sep 24 - Oct 23)

♎ Mars is now making its presence felt over a part of your chart concerned with ethics, morals and legal questions. You may wish to make your views known over the coming week or so, but I'd advise you now not to bend the rules, at least, not too far.

SCORPIO (Oct 24 - Nov 23)

♏ You are having a reminder of what happened three months ago and a taste of what is likely to take place in about three months' time. Don't fall into the trap of imagining that this is your last chance, whether your concern is private or professional.

SAGITTARIUS (Nov 24 - Dec 22)

♐ The Moon's emotional passage through your solar chart can be confused, and your intentions are not always easy to pin down. You may be critical of low standards, which is fine, but also much too fussy, which is not. Be tolerant of other people's little foibles.

CAPRICORN (Dec 23 - Jan 20)

♑ Before you explore new possibilities, do investigate the ethical alternatives. There may be a better way to do things. Also, check up to see if an overseas contact or a foreign friend has something to offer. If it's advice you're after, women may be a better bet than men.

AQUARIUS (Jan 21 - Feb 19)

♒ You appear to be more concerned about your short-term happiness than about others' feelings but it is high time that certain people stopped relying on you. Get your priorities straight as soon as you can, and then at least partners will be able to decide whether to support you or not.

PISCES (Feb 20 - Mar 20)

♓ New planetary alignments are bound to lead you along strange and exciting paths. You can afford to be optimistic and organise meetings that will enable you to appreciate your friends. Younger or more experienced friends might set the pace.
